101 ways to energize any ho-hum day Created by award-winning educators, these easy-to-learn, giggle-as-you-go games are designed to be both fun and educational. These activities in reading, logic, science, measuring, listening, social studies, and math are the perfect complement to your K-5 curriculum. Get the fun and the learning started with games such as: Bug Bite: Players flip over vocabulary word cards and slap the table when a bug card comes up. Whoever slaps first reads all the words and then keeps the card. The child with the most cards wins! Bull's-Eye Feather Math: Children blow feathers around a bull's-eye game board with straws as they sharpen their multiplication skills. Geography Baseball: Players find map locations that are &pitched& to them. The more &hits& they get, the faster they score runs. Fishy Facts: Players snag paper fish with a fishing pole and hook. If they can answer the question on the side of the fish, they score. . . . and many more! BONUS: Games are ranked for noise levels!
