

## 26 Scripts In One Whole Package!

[DOWNLOAD HERE](#)

26 Scripts in one whole Package! 1- Get Paid to Read Email PHP Script Features: Paid-To-Click section. Automated Member Signup. Automated Member confirmation email. Automated welcome email to members 2- Autosurf Exchange PHP Script With this PHP Auto Hits script, you can set up a profitable traffic exchange service, complete with an auto-surfer and everything else. 3- Traffic Exchange PHP Script Traffic Exchange sites are a great traffic generator!! You can also easily sell advertising credits for a nice income stream. When using an autohits site, your site is shown to thousands of users 24 hours a day, 7 days a week, while you are visiting a lot of interesting web sites! This is done 100 automatically! The script features include automated member signup, member validation email, member welcome email, member password recovery, referral tracking. and, of course, you can sell advertising credits. 4- iPaid4Clicks - Complete Paid-4-Clicks Website Script a complete collection of CGI scripts that will allow you to run a highly profitable Paid-4-Clicks website with complete control of it at the touch of a button. It comes with a complete and very useful members section, advertisers section and also a fully complete web based back-end administration section. With features like login information recovery tool, built-in

members and advertisers mailer, built-in anti-cheat mechanism and much more, this script has a \$59.95 MSRP.

5- iReplikate - Complete Multi-Level-Marketing Website Script The iReplikate script allows you run a full blown Multi-Level-Marketing (MLM) website and profit very well ! This script has all the features you'll need plus many more

6- iMailingList - Complete Mailing List Script iMailingList allows you run an mailing list subscription service on your website and make big profit on it.

7- iPaidEmail - Complete Paid 4 Email Website Script iPaidEmail is a complete collection of CGI scripts that will allow you to run a highly profitable Paid-4-Email site with complete control of it at the touch of a button. The iPaidEmail script comes with a complete and very useful members section, advertisers section and also a fully complete web based back-end administration section.

8- iRebilling PRO - Complete Rebilling Website Script The iRebilling PRO script allows you run a full blown re-billed membership site and profit very well from it! This script has all the features you'll need plus many more.

9- Search Engines Submit PHP Script This script can be used to submit your web site to many different search engines in one easy motion. It also can also submit many pages it finds under the submitted domain.

10- Link Back Checker This script works good for when you have a link system requiring users to link back to you. This script makes sure that they do have a link on their site to you. All you need to do is enter the link you are looking for in the preferences section of the file, then point your browser and go.

11- Shopping Catalog PHP Script PHP script to create a product catalog. it uses plaintext files and doesn't require any database (SQL, access, etc) to run. It is perfect for people that do not have access to a database.

12- Shopping Cart PHP Script - Allow users to add an item to their cart, increase the quantity of an item in their cart, empty their cart, or remove an item from their cart. - You can upload pictures for products. - You can store receipts and user information for more than one year... - Requires MySql database.

13- Banner Rotating CGI Script Unlimited advertisers, tracking of exposures. Requires Server Side Includes (SSI).

14- Banner Exchange CGI Script - A CGI Script to start your own Banner exchange network. - Your clients sign up FREE, paste a code on their website and ALL registered clients get exposures.. - All members receive an unheard of 2:1 ratio! - For a limited time only, receive 1,000 FREE banner impressions! - Earn 1 extra banner impression for every banner that is clicked on from your site(s)! And much more...

15- Link Listing PHP script Link Listing Script that creates different "rooms" for different links! making this powerful script its own little web surfing tool for the visitor of the site! It Is a nice little Search Engine! Once a visitor signs up for the website he is placed on a mailing list, and the script automatically sends out an email to each visitor every time a new

link is added! You Can Make Money Selling Advertising To Other Webmasters! The Automatic Email Will Guarantee Your advertisers that their link will be seen! The Visitor will have a choice on whether to receive an email for each link OR one email with all new links listed! There is a top ten list for the most popular links! When you add a new link, you choose a name and also who can get there.

16- Links Exchange Website PHP Script This link exchange script is a PHP script that allows your visitors to sign up for an account, and add their link to your website! It keeps track of all dead links on your website so that you can easily maintain your site, and keep dead links off of your link exchange! It also has an administration section that is password protected, and allows you to add categories, links, approve, disapprove, and delete links right from your browser! This would be a very nice script to start up a paid or free link exchange! Either way you win because Linking is the best way to get listed in the major search engines!

17- CGI Based EveryAuction A Perl Auction Script That Is Used WIDELY By webmasters! Create auction sites with unlimited categories, and set the price you wish to charge! There is only 1 file to upload to your CGI-Bin! Make a few changes, and WOW! You've got your own Auction website!

18- PHP Affiliate Script This PHP MySQL script will allow you to run your own affiliate program! One of the easiest ways to get QUALITY traffic to your website is to start your own affiliate program! Pay your affiliates per click, per sale, or in tiers! You will find that when you get more and more affiliates signed up, your sales will skyrocket!

19- Live Help Script A live Help support chat system that allows the operators of the websites to monitor their visitors as they are browsing the site and proactively open a chat session with the visitor. Other features include either text based database or MySQL database, chat notification, user is typing message, multiple chat sessions and multiple operators.

20- Expired Domain Finder Script This PHP script has become a very hot item within the last 6 months! This Script will look up domains that have expired, or are about to expire in both the Yahoo! Directory, AND Dmoz Directory! the script will also allow your customers to monitor domains that they are interested in; it has a domain digger, and has PayPal IPN functionality built in! There are many websites selling memberships using this script for up to as much as \$29.99 per month! The script comes with an administrator section where you can manage the look, and feel of your website, as well as manage your members, set up different membership packages and more! Uses MySQL means that it is extremely fast, and can look up expired or soon to expire domains in an instant

21- Form To Email PHP script It is hard to find a form mail script that will securely deliver your client's results every time, while concealing your email from the spam bots! This Script Will

Do Just That! The script was cleverly written to disguise your email address, and yet get the results of every form filled out straight to your inbox! 22- PHP MySQL Website Stats Business It is a new php script, and will allow you to set up your own link tracking business! There are two different memberships you can sell with this script, and both are beneficial to you! The lite membership costs less, but requires your customer's to keep a banner to your website on theirs in order to track their stats! The pro membership of course costs more (Whatever price you set!) and does not require the customer to link to your site! The script automatically takes payments via the PayPal subscription method so you are insured to receive your fees every month! It also keeps track of your customers statistics daily, weekly, and monthly! 23- Toplist PHP script If you have ever wanted to run your own toplist website THIS IS THE SCRIPT FOR YOU! It comes with such advanced features as Anti-Cheating, Rules members MUST follow, Easy to match the look of your website, looks up lost passwords, allows you to decide if you want to allow banners to be used by your visitors, Allows you to sell advertising for your toplist, and a lot more! 24- TopSite PHP Script This top site script has a VERY nice design to it! It is very easy to install, and is template based so all of the HTML work has already been done for you! This toplist script is limited ONLY BY YOU! You can allow as many or as few links to be added to the entire list, or even page by page! Many toplists make the major search engines fast due to the amount of links, and visitors they receive! This is a great way to SELL advertising Or simply advertise your own websites! 25- PHP Authentication Script If you are looking for a way to secure an area of your website this is one of the most powerful, and secure ways to do so! This PHP MySQL script secures your member's passwords via the powerful MD5 in MySQL! Your members can finally feel secure about their passwords being secure when you use this script! The script is VERY easy to install! 26- PHP Script For Building A Web Ring A Webring Script! Create Your Own Network Of Websites by creating a webring with this nice script! It will automatically email the members of your webring, and keeps detailed stats of the visitors you receive to your webring! A Very nice well designed script, and very easy to install!
