Ever wondered why 98.3 of affiliates always fail? The reason is very clear. They do not follow the rules. I've been unsuccessful affiliate for years, just because I wasn't doing what I was told, but what I was thinking is the best. I thought I was the smartest guy on the planet. And as a result I was always spending much more than I was earning! Now this experienced I've changed my practice. I carefully plan every step and I look to educate myself the best it is possible in the field of my business. For example: If I create a website, I need to learn at least the base html coding, if I advertise via Google Adwords, I want to read the best guides professional marketers wrote about it. What I learned is that a proper EDUCATION is the most important step BEFORE you start your online business. You must be a professional in theory if you want to be successful in practice!
