"No More Grey Screens" is an easy PHP solution that allows you to replace the grey windows displayed when a user tries to access a password protected area, like this one:

e-bookemporium.us/images/greyscreen.jpg ...with a friendly login screen, like this one:

e-bookemporium.us/images/nomoregreyscreen_with_link.jpg The script is super easy to be used in situations where the authentication is controlled by .htaccess (Apache authorization) You can use the solution even with folders that are password protected by cPanel, or any other scripts like * JVManager 1, * Fantasos, * Instant Membership Site Creator, * and in general with any situation where Apache authorization is being used. All you have to do is to upload some files, rename .htaccess to .htaccess_old, run the script, and that's it! Click here for instructions if you have already ordered the script. That's it! Why do you NEED it? Mainly for 2 reasons: * Your members will be able to access your members' area easier.

* But most importantly: Without the "No More Grey Screens" script you're LOSING money... Why?

Because you cannot monetize the login page of your members' area. Think about it... That login page is one of the most visited pages on your server. Without the "No More Grey Screens" your members just use their codes and login. With the "No More Grey Screens" your members can also: * Read any news you may include on that page. * Click on any banner you may include on that page. * Buy any other product you offer to your members! Stop Losing Money! Get the "No More Grey Screens" solution today!

No More Grey Screens! Requirements * PHP running on your server * Zend Optimizer 2006022801 or higher If you are not sure about the requirements check it with your hosting account. FAQs Q. Who

created that script? A. John Delavera is the creator of the script and TRACY YATES is an authorized

reseller. Q. What are the rights I get for this script? A. You get personal rights only. Q. Can I use the script

on multiple servers? A. Yes you can install the script inside any protected area you want. Q. Do I have to

change the index page inside the protected area? A. No. You just have to upload some files inside the protected area. Q. Can I integrate it with my layout? A. Yes you can include any HTML code you want inside the login page. Q. Should the codes of my existing users be deleted? A. Of course not. Nothing is deleted. Q. Do my customers have to change their login? A. No. Your customers will just see the login form instead of the grey screen. They will continue to use their codes and insert them to the login form instead of inserting them to the grey window. Q. Can I remove the link to displayed to the form? A. No you cannot. Updates You will get all updates of the script at no charge in the future once you subscribe with the notification list. Instructions are offered upon the completion of your order.
