ChocolateandCocoaRecipesHave you ever ate the best chocolate cake but didnt know how to make one on your own? Here are the best chocolate and cocoa recipes available! Dear Fellow Chocolate Lover: I admit it! I confess! I am a chocoholic. Put any kind of chocolate in front of me and I simply cannot resist. If you feel the same way and simply cannot get enough of that rich, chocolaty goodness then theres a new e-book that was written just for you. I dont remember a time in my life when I havent loved chocolate. You name it: chocolate cake, chocolate pie, chocolate chip cookies, chocolate fudge, chocolate pudding, chocolate fondueif it has chocolate in it I love it. In fact, over the years I have collected tons of cookbooks just for the chocolate recipes. The only problem is that I was beginning to run out of room on my cookbook shelf for all those books. Even worse, I never could remember which cookbook contained the recipe I wanted whenever I got ready to make one of my favorite chocolate dishes. I tried the sticky note method, but then I had what seemed like hundreds of little pieces of paper sticking out of my cookbooks and it still didnt help me any. I couldnt find my favorite chocolate recipes when I needed them! Something had to be done! I realized that if I just had one central location for all of my chocolate recipes, my life

would be much simpler. I could find my favorite recipes easily and quickly without having to thumb through dozens of cookbooks. I considered copying down all of my favorite recipes onto index cards and placing them in a recipe file box, but then it occurred to me that perhaps that wouldn't be the best way to handle it. That would be a lot of writing by hand and I would have to stay on top of keeping the cards filed correctly or else I would still have problems finding the right recipe when I needed it. That's when I decided to type up all my favorite chocolate recipes and organize them categorically. It took me awhile to get them all typed up and organized just right, but when I was done I was simply amazed. I couldn't wait to step into my kitchen and whip up something rich and decadent! To say that I had fun with my newly organized chocolate recipes would be an understatement. Suddenly, it was so much easier than ever to put my fingers on exactly the recipe I wanted when I needed it. No more flipping through multiple cookbooks. No more trying to remember if a recipe was under the Cakes section or Desserts section. It was all right there, nice and handy. Suddenly I couldn't stop baking! I began to bake up a storm. Cookies. Pies. Cakes. Candy. I even mixed up specialty chocolate drinks for my friends when they came to visit. It was as easy as 1,2,3 because I could grab the recipes I wanted when I needed them. My friends were absolutely amazed. Of course, they had known what a chocolate addict I was for a long time. Most of them even teased me about it mercilessly. At first, they thought it was funny that I had gone to so much trouble to organize all of my chocolate recipes. That is, until they realized how handy it is to have all of them in one central place. Then they began to ask for copies of my recipe collection. That's when I realized I was onto something. Why not offer my chocolate recipe collection to others and make their life a little easier too? And while I was at it why not share my extensive knowledge about chocolate and how it came to be such a delicious and decadent treat in the first place?
