In Kenneth Grahame's The Wind in the Willows: A Children's Classic at 100, editors Jackie C. Horne and Donna R. White have assembled a collection of essays that look at the book in terms of class, gender and nationality, as well as its construction of heteronormative masculinity, the very English novel's appeal to Chinese readers, and the meaning of a text in which animals can be human-like, pets, servants, and even food.
