

# Applications Of Family And Group Theraplay

[DOWNLOAD HERE](#)

This book is rich in content and practical ideas guided by current attachment and neurobiological research. Chapters contain family and group Theraplay case studies including agendas from beginning, middle, and end of treatment sessions with an extensive appendix, which helps to translate theory into practice. Munns describes Theraplay from its theory, research, underlying dimensions (structure, challenge, engagement, nurture), to its applications to a wide variety of populations and cultures, as well as integration with other treatment methods.
