

# Applied Scanning Probe Methods II

[DOWNLOAD HERE](#)

"The editors have done a good job in making the various chapters quite readable and most of the chapters are well written on a level that will be accessible to most readers. As is usually the case with Springer books, these volumes have been beautifully printed, illustrated, and nicely bound for long term durability." (Gary J. Long & Fernande Grandjean, Physicalia Magazine, Vol. 29 (4), 2007) EAN/ISBN : 9783540274537 Publisher(s): Springer, Berlin Discussed keywords: Abtastung (Technik), Nanotechnologie, Rasterelektronenmikroskopie Format: ePub/PDF
