Create High Quality, Professional, Persuasive And High Converting Sales Letters In 20 Minutes Or Less. Brand New Software! More Than 500,000 Searches In Google For Sales Letter Solutions Each Month. Sales Letters Creator is the Most Innovative Sales Letter Generator Software Application Ever to Be Released! Dear Internet Marketer, Everybody knows that a compelling sales letter is the key to a successful Internet business. Without a sales letter that swoons your reader and persuades them to buy, youre pretty much doomed to cyber poverty forever, and I mean that literally. Thats how important it is to have an effective sales letter. The Problems With Writing Sales Letters... For marketers who hate to write, spending hours putting together sales letters from scratch is torture! The problem is that writing a sales letter is hard. It takes time and the copy need to be great to get people to take action. Nothing stops sales dead in its tracks faster than poorly written sales letters. Your sales letter is your digital salesman and if it does a terrible job, you can say goodbye to any chances of you making even \$1 online. Whether you want your website visitor to opt in to your newsletter or make a purchase, it all depends on how well your sales letter sells. If youre like me then you probably dread the idea of starting out to create a new sales

letter from scratch, or craft a web page to sell your product on the Internet. So Whats A Lazy Marketer To Do? Okay... so now we both know that you need a great sales letter on your website if you want to convert a great number of visitors into sales. You have 3 options: Option #1. - Hire a Professional Copywriter Professional copywriters are very expensive but in many cases this is the best option - if you can afford it! Copywriter fees vary from \$497 to \$25,000+. You're almost guaranteed a successful sales letter by hiring a top gun copywriter but if you're just starting out, the 5 figure price tag puts this option out of reach. Option #2. - Write Your Own Sales Letter From Scratch Unless you are a highly skilled copywriter, chances are that you'll end up creating a Frankenstein which doesn't convert. It's perhaps the cheapest option but if you're a terrible copywriter or hate writing, it won't be worth your time and effort. Not recommended at all. Option #3. - Cheat With Push-Button Software You can legally cheat and create great looking sales letters every time by cleverly using software that makes it a breeze to put them together in literally minutes! Sales Letters Creator is the perfect example of this kind of software. You won't find a better quality application of its kind...especially one this affordable! This is the best option for lazy marketers who don't want to pay a copywriter or have no writing talent or time to write. I know which option I'd take... #3 of course! Time is money, and anyway, no-one wants to strain their brain for hour after hour writing sales letters only to be disappointed by lousy conversions. It makes simple sense that if there's a pre-made format to work with, such as templates that I can use to suit my product or even just to get my words flowing, my final results will be much better. That's why I spent the last few months and thousands of dollars, creating Sales Letters Creator! Even If You've Never Written A Sales Letter Before, Or Hate The Thought Of Writing From Scratch, Sales Letter Creator Will Spit Out Expert Looking, High Converting Sales Letters In Half The Time! Sales Letter Creator Software! Pump Out Great Looking Sales Letters In 50 Less Time Easy To Use PRE-MADE, High Impact Templates - Just Fill In The Blanks No HTML Or Sales Copy Writing Skills Needed Have Professional Looking Sales Letters Every time Without The Copywriters Fee The most advanced and easy to use Sales Letter Generating Software ever released!
