The Bathrobe Professional Make More Money From Home Than You Ever Have At Your 9 To 5 Job! From: Your Name Here Date: Tuesday, February 9, 2010 Dear Friend, Before we go any further I want to say one thing... I (much like you I imagine) once worked a job that I hated. I'm talking about a job that made me not want to get up in the morning. Don't get me wrong, I'm not lazy or anything like that (well, maybe a little now that I work from home) but I just hated working more hours
than I spent with my family. The pay was okay and the benefits were good but at the end of the day, I just didn't feel fulfilled or like what I was doing was making me a better person or bettering my family. Have you ever been there? Maybe you've worked a long shift and after you get off, you are too exhausted to spend any time with your friends or family. After dealing with this for a few months, I decided it was time for a change. And boy this change has made my life a true pleasure to live every day. I get up when I want, work when I want and best of all, I play when I want! I spend time with my family, I go on day trips and I pretty much do anything I want anytime I want! This probably all sounds good but first, we need to get something out of the way... I realize that... You've Had To Work Like A Dog 40 Or More Hours A Week At A Job You Hate Or Get Low Wages That Just Don't Cut It... Wouldn't you like to wake up every morning, go over to your computer and get your assignment for the day and be paid extremely well that same day? Does that sound like something that might internets you? I'm sure that telling that boss of yours to take his job and shove it would not only feel good, it would be darn right liberating, don't you agree? But how are you going to make all of this happen?
