An A-Z Needlework Course That Will Guide You To Start Creating Your Own Needlework Masterpieces!
The techniques and styles suggested are as simple and straightforward as possible, so you can learn it
easily as well as to become prepared, to attempt intelligently much more difficult tasks. The material of
the book is arranged so as to avoid laying down hard-and-fast rules with regard to non-essential things.
For the sake of clearness, Sewing, Cutting Out, Decoration, and Repairing have been dealt with in
separate sections, although in practical work they cannot be separated. In each section, the possibility of
gradation from the simplest elements to the most difficult is made clear.
